

# Company Profile

Get to know us more.

We provide you with comprehensive information on the services we offer in this document.

---

## ■ About Company

Zento Consultants (Pty) Ltd trading as Zento Consultants is a company of both accounting and tax practitioners, who together have combined experience of over 70 years in taxation.

Our company offers a wide spectrum of services.

## ■ Introduction

Our company is led by highly knowledgeable directors who have been working within the tax administration sector in Eswatini throughout their careers plus an accounting professional who has over 20 years of experience as an accountant in various state-owned entities.

## ■ Our Vision And Mission

Our goal is to succeed, enabling the company to hold great accountability towards our valued clients. We aim high, with integrity, consistency, high standards, principles, and outstanding customer service.

## ■ What We Do?

We are customer-focused and ensure that all clients are provided with a personalized service while treated with respect and professionalism.

This reputation for discretion assures that clients retain their privacy and confidentiality, setting standards above the rest.

## ■ Our Services

01

We offer our clients the best accounting services according to their unique requirements and with this information, we develop solutions that are specifically tailored to their needs.

02

We work with our clients to develop business solutions and provide transaction advice services that will best suit the needs of our clients.

03

Taxes are a substantial expense for businesses. It is crucial to effectively handle and reduce any potential tax issues. Because of this, as a company, we take great pride in providing our clients with outstanding tax services.

## ■ Preparing and filing Tax Returns

We collect information from our clients such as income, expenses, assets, and salary records, and calculate taxes taking into account all rebates and credits provided for by the relevant legislation. Once computed as a tax consultant we file all tax returns on the due dates.

## ■ Providing Tax Advice

We are accounting and tax specialists therefore we advise clients on how to minimise tax liabilities in in line with legislation. This guidance may cover available deductions or types of income to report. We ensure that clients comply with the latest regulations. Business Decisions and certain transactions have tax implications. Our role therefore is to provide advice before entering into any form of agreement or business venture. We are your experts.

## ■ Researching Tax Laws

Every tax advice that we offer is well-researched. Where there are proposed changes to tax legislations such as the VAT Act, Income Tax Order, and Customs and Excise Act we make meaningful contributions and do an impact analysis to ensure our clients' interests are protected and businesses are not compromised. We read tax law journals, attend seminars, and network with other tax professionals. We assist clients to pay the correct amount of tax.

## ■ Debt Negotiation

We have consultants with good negotiation skills. Clients who find themselves in huge debts with the Eswatini Revenue Authority are assisted through a review of the cash flow and that information is used as a basis for the negotiation.

## ■ Tax Computations

Tax Calculations are done based on the provisions in the relevant legislation for all our clients.

## ■ Representing Clients in Audits

We represent our clients during audits to ensure that tax the audit outcome is per the legislation. By guiding the process; our clients get to reduce the time and money invested by the organization along with the overall tax liability.

## ■ Accounting

We advise on how to run a business effectively and efficiently. This means maximizing revenue and reducing costs while remaining compliant with tax regulations. Our role as consultants is to oversee the Finance Department.

## ■ Objections and Appeal

We handle all disputes and guide you through the process up to the appeal stage.

## ■ Business Plans

We provide guidance through each stage of starting and managing your business. We help a business to have the ability to structure, run, and grow. We assist a business in thinking through and detailing all key elements of how a business shall be run.

## ■ Payroll

We do payroll processing and ensure compliance with all relevant legislations and regulations for the correct tax to be paid. The right treatment of benefits and allowance is quite important.

## ■ Training/Capacity Building

We provide training on the taxation value chain for targeting newly established small entities, public officers, and persons as well as on corporate governance, etc.

# Thank You!

Hopefully, we can work together.
